

Greater Worcester Chess Club

Khel Creativity Club **Chess Lessons, Games, Prizes, & Fun!!!**

Wednesdays - 6 p.m. – 7 p.m. Each Week

Starting February 1, 2012

This program is based upon a group learning experience. The modular lessons are designed to help players learn the basics of the game, some opening theory, some tactics, and some endgame strategy. Everyone learns at their own speed. The focus is upon a positive experience where players want to attend, learn more about the game, and make new friends. There is casual play along with the lessons so there will be talking during the games.

Medals are provided to participants at the completion of four weeks of lessons.
